Or I look up a restaurant and a box forms over the "order here" button on the result page and says "view menu and order food." If these instructional pop ups only occurred once when I first used Google I would understand but every time I search something there are blue boxes all over the page speaking to me like I am dumb lol. I know what overview means. Not sure how this issue is still there without any developers noticing and fixing it, since I thought image search was a huge part of the app. PayPal · Send, Shop, ManageFree · PayPal, Inc.Free · Telegram FZ-LLC47. Tap or click the price or Get button. This only occurs on a fresh load (e.g., when not allowing the app to run in the background).
