That is why we decided to take a look at the history of television and highlight some titles that made television a more representative, progressive and diverse place. I love lucy lucille ball in I love lucy in 1952. photo courtesy: everett collection in the 1950s, the comedy of lucille ball i love lucy, in which his character was married to the husband of the real life of ball desi arnaz, broke a large television taboo. When the actress became pregnant, the couple thought that the show, which had been spent for a season in cbs, would be canceled or placed in hiatus until after giving birth. pregnancy wasn't something that happened on TV at the time, and writing around the pregnancy of an actress has not always been as easy as getting the kerry washington of scandal so some fabulous coats. In the end, the ball pregnancy was written on the program, an approach that has been used a lot of times on the television written since then. writers would have to avoid the word pregnant though, considered too vulgar for the air. the episode in which the pregnancy of lucy was announced was issued in 1952. is entitled "Lucy is Enceinte" because it is apparently well to refer to the word "p" in French. the characters used verbal solutions like "we're having a baby" or "blessed event" to involve the state of lucy. william on on lanigiro eires aL .kerT ratS n³AicceloC ttereVE :aAsetroc otoF .8691 ed erbmeivon ed 22 :oidosipe led lanigiro ahceF .kerT ratS ne slohcIn ellehcIn y garnered a devoted following thateÁÁAs since spun several sequel series, spin-offs and movie franchises over the decades, it was also a rare example of diversity on screen. Nichelle Williams played Uhura, a Starfleet Lieutenant and communications officer, making the show one of the first to feature a Black woman not portraying a servant. George Takei played Lieutenant Sulu, the U.S.S. Enterprise's helmsman. Having a Japanese American actor in such a visible role just two decades after World War II, a time defined by America's anti-Asian policies and racism, also highlighted the show's commitment to representation. A Then there's the kiss. Uhura and Captain Kirk (William Shatner) kissed in a 1968 episode while under the influence of aliens. You can argue whether that was the first interracial kiss on screen or not, but it sure proved the show's dedication to the depiction of a plural and diverse society. And it confirmed Kirk's famous words: eÁÁAWhere I come from, size, shape or color makes no difference. eÁÁA The Mary Tyler Moore Show Á Mary Tyler Moore in 'The Mary Tyler Moore Show. Photo Courtesy: Everett Collection This seven-season sitcom that aired between 1970 and 1977 broke a few molds. It starred Mary Tyler Moore as Mary Richards, a single woman in her 30s focused on her career in a TV station. The show was created by James L. Brooks and Allan Burns but boasted a writers' room where there was also a significant number of women, especially for the period. Treva Silverman was one of the first women hired as a writer for the show, and, importantly, she shared her own experiences to inform the characters' lives. Other than in the writers' room, the show was groundbreaking because it focused on the life of an independent career woman who didn't care about getting married. The six-season situation comedy was Smith's career. But apart from making the protagonist a movie star, the program also highlighted the life of a rich, stable and educated black family at the university, expanding the scope of how black characters were represented on television. Although it was a situation comedy, the program defined the golden era for black television in the 1990s and also addressed serious issues such as the police profile: Will and Carlton (Alfonso Ribeiro) are detained by the police while driving a Mercedes. Benz: drug use, armed violence, dating, HIV, racism and other problems. And you can still enjoy it regardless of your opinion about the dramatic remake of Peacock, Bel-Air, or even the slap. Betty Ana Ortiz, Americas Ferrera and Mark Indelicate in ugly Betty. Photo courtesy: Everett Collection The Dramedy Ugly Betty, which was executed in 2006 and 2010, was an adaptation of the Colombian soap opera Yo Soy Betty, La Fea. The show put a front and a center of the Mexican American family in a star-time show. She also starred in Ferrera America, who played a little shy but hardworking woman who ends up working in a fashion magazine. Tony Plana played Betty's father and often mixed Spanish and English dialogue in the program, as many Hispanic families do. And Ana Ortiz played Hilda, Betty's older sister. The program was praised for its representation of Latinas on television. But he also addressed topics such as the body image and Hilda's teenage son who was going out as gay. In addition to winning three Emmys, Ugly Betty won two media awards from the Gay and Lesbian Alliance against Defamation (GLAAD).
