Limitations de la version d'évaluation : Dans la version complète, les scores sont sauvegardés et il est possible de personnaliser les graphismes. Bubble Shooter est un clone de Bust'a'Move. Vous devez supprimer toutes les balles présentes à l'écran. Pour cela il faut lancer les balles de couleur que l'on vous propose afin de réaliser des groupes d'au moins trois de même couleur pour les faire disparaître. La visée est plus simple qu'avec Bust'a'Move puisqu'il suffit de pointer l'objectif mais le grand nombre de boules donne un jeu plus tendu. Análisis Softonic Bubble Shooter es un juego muy sencillo y tremendamente adictivo, una nueva versión, muy mejorada en todos los aspectos, del tradicional juego arcade consistente en eliminar bolitas de colores de un tablero. Este es precisamente tu objetivo: limpiar la interfaz de todas las bolitas de colores, apuntando y disparando con el ratón desde un punto de la parte inferior. Las bolitas desaparecen si consigues reunir más de tres del mismo color, y si no, aparecerá una hilera más. Si las bolitas alcanzan la parte inferior de la pantalla... game over! Parece fácil, pero el reto está en conseguir la mayor puntuación en el menor número de disparos posible, calculando dónde disparar y dónde dejar un buen número de bolitas acumuladas para realizar más tarde un disparo de muchos puntos.
