Committed and reliable Attention to detail Professional and friendlySpecialized in steel services Reliable and Trusted Fully Licensed and Insured Prompt Great Communication4 RecommendationsLan The team of SSJ Steel is effective in construction in both steel and carpentry. I had some parts of structural steel framing for my double-story house built by SSJ Steel, supply and installation. The project included a significant amount of steel posts and beams. The SSJ team worked with care and honesty to customers. The quotation was direct and easy to understand via details of members listed straight off the engineering plan, as well as the inclusions & exclusions. I would highly recommend SSJ Steel to various project sizes of small, medium, and large-scale projects. The steel contractor of SSJ Steel showed his excellent experience in structural steel for framing new buildings. The contractor is honest and responsible, highlighting possible issues that I could reconcile with the.----- Professional Plumbing Company Quality Service2 RecommendationsBernie Prompt & reliable.
