(Ross, we, dds DISCOUNTS.us), is concerned about online privacy issues and wants you to be familiar with how we collect, use and disclose your Personally Identifiable Information (as dened below). This Privacy Policy (the Policy) describes our practices in connection with Personally Identifiable Information that we collect through our website located at (the Site). This Policy does not address our practices regarding information that we collect through any website, or by any other means, other than through the Site; nor does this Policy govern the collection, use or disclosure of information by any of our aliates (collectively, Aliated Entities) or by third parties. If you are a California, Colorado, Connecticut, Delaware, Iowa, Montana, Nebraska, New Hampshire, New Jersey, Oregon, Texas, Utah, or Virginia resident, please refer to the Additional Information Regarding California, Colorado, Connecticut, Delaware, Iowa, Montana, Nebraska, New Hampshire, New Jersey, Oregon, Texas, Utah, and Virginia section at the end of this Policy for more information about our practices and how to exercise your rights, including with respect to personal information that we collect other than through the Site. By using the Site, you agree to the terms and conditions of this Policy. If you do not agree to the terms and conditions of this Policy, please do not use the Site. We reserve the right to change this Policy without prior notice. You can determine when this Policy was last revised by referring to the LAST UPDATED legend at the top of this page. Any changes to our Policy will become effective upon our posting of the revised Policy on the Site. Use of the Site following such changes constitutes your acceptance of the revised Policy then in effect. Note Regarding the Use of the Site by Children: The Site is not directed to individuals under the age of thirteen (13), and we request that such individuals do not provide Personally Identifiable Information through the Site. dds DISCOUNTS gathers two basic types of information through the Site: Personally identifiable Information (PII) and Non-Personally Identifiable Information (Non-PII). Personally Identifiable Information is information that identifies you as an individual, or relates to an identifiable person, including: name, postal address, telephone number, email address, and credit or debit card number. Non-Personally Identifiable Information is aggregated information, demographic information, IP addresses and any other information that does not reveal your specific identity or does not directly relate to an individual. Personally Identifiable Information You do not have to provide PII to use the Site. However, in order for you to take advantage of particular opportunities provided through the Site (for example, to register for email, to submit a job application or ask a question), we may require that you furnish PII. We collect PII from you through the Site such as your name, postal address, telephone number or email address, only when you voluntarily provide it to us. We use a third-party payment service (Payment Service) to collect payments made through the Site when purchasing a dds DISCOUNTS gift card online. We also use a third-party service to collect online donations (Donation Service). If you wish to purchase a gift card or make a donation through the Site you will be directed to a web page that is hosted by the Payment Service (or the Payment Services service providers) or the Donation Service, and not by Ross (the Payment Service Page or the Donation Service Page). Any PII that you provide through the Payment Service Page or the Donation Service Page will be collected by the Payment Service or the Donation Service, and not by Ross, and will be subject to Payment Services or Donation Services privacy policy, rather than this Policy. Ross has no control over, and shall not be responsible for, Payment Services or Donation Services use of information collected through the Payment Service Page or the Donation Service Page. PLEASE NOTE THAT THIS POLICY DOES NOT ADDRESS THE COLLECTION AND USE OF INFORMATION THROUGH THE PAYMENT SERVICE PAGE OR THE DONATION SERVICE PAGE, OR THE PRIVACY OR INFORMATION PRACTICES OF PAYMENT SERVICE OR DONATION SERVICE. Non-Personally Identifiable Information When you visit and interact with the Site, Ross and its third-party service providers may collect Non-PII (for example, a catalog of the Site pages you visit). Non-PII is generally collected through the Site from ve different sources: server log files, environmental variables, cookies, pixel tags and other similar technologies, and information that you voluntarily provide to us. Server Log Files Your Internet Protocol (IP) address is a number that is automatically assigned to the computer that you are using by your Internet Service Provider (ISP). This number is identified and logged automatically in our server log files whenever you visit the Site, along with the time(s) of your visit(s) and the page(s) that you visited. We and our service providers use IP addresses for purposes such as calculating Site usage levels, helping diagnose problems with the Sites servers and administering the Site. Collecting IP addresses is standard practice on the internet and is done automatically by many websites. We may also derive your approximate location from your IP address. Environmental Variables We and our service providers may also collect certain environmental variables such as your computer type (Windows or Macintosh), screen resolution, OS version, internet browser and internet browser version. These environmental variables are collected by most browsers, and can be used to optimize your experience on the Site. Cookies We and our service providers may use cookies in connection with the Site. Cookies are data that a web server transfers to an individuals computer for record keeping and other purposes including to facilitate users ongoing access to and use of a particular website, as well as to understand how the site is used. Cookies are an industry standard used by most websites; cookies do not cause damage to your computer systems or les. If you do not want information collected through the use of cookies, there is a simple procedure in most browsers that allows you to automatically decline cookies, or to be given the choice of declining or accepting the transfer of a particular cookie or cookies from a particular website to your computer. We use Google Analytics, which uses cookies and other similar technologies to collect and analyze information about Site use and report on activities and trends. This service may also collect information regarding the use of other websites. At this time we do not respond to browser do-not-track signals. Pixel Tags We and our service providers may also use so-called pixel tags, web beacons, clear GIFs or similar means in connection with Site pages and HTML-formatted email messages to, among other things, track the actions of Site users and email recipients, to determine the success of marketing campaigns and to compile aggregate statistics about Site usage and response rates. Interest-based Advertising We may use third-party advertising companies to serve advertisements regarding goods and services that may be of interest to you when you access and use our Site and other websites, apps or online services, based on information relating to your access and use of our Site and other websites, sites and services on any of your devices, as well as information received from third parties. To do so, these companies may place or recognize a unique cookie on your browser (including through the use of pixel tags).
