Shai krishna resume template

I'm Shai, Staff Product Designer at Sense and founder of Designfolio.me. I've been there too - applying for countless jobs without tracking my progress. I tried various methods like CRMs and organized labels in Gmail but nothing worked. So, I built my own Notion template to keep track of applications, deadlines, and updates. Now, you can use it for free! With this template, you'll be able to centralize all your job applications, log interview dates, times, contacts, and prep notes, and even set reminders to stay on top of things. To get the Job Hunt Template/OS for free, simply click on the "Subscribe to newsletter" link in my bio. Once subscribed, you'll receive the template via email. I hope it helps you land a job that's worth bragging about! Also, check out some resume hacks I've shared here: [copy-paste the job description into monkeylearn.com to identify key words](#), use a simple summary template, compare your resume with the job description using [jobscan.co](#), and lead with a strong summary.
