The immune shield works very well, best item in my opinion Spiritforger Aegis for some additional shield (and reflect damage) or Herald Footpads so you can blink out of annoying situations. But again, really, very simple fight.- Thran'tioK is also very simple, Deep Echo Trident can be used to interrupt the mechanic Death Bolt, but it is not necessary. I found the ability to reduce cooling of Pelagos (middle powerup) to be more useful. -Azarux can be annoying as it forces you to move a lot, avoid being hit by any empty zone mechanic and it goes down. For Pelagos any of the powerups will be useful, if you are comfortable with moving around or rooting, then the increase of motion speed or cooling capacity powerups is useful. The best item used is absorbing or boots. (I will answer questions if they come) I just wanted to confirm that when you unlock Steward Mail Pouch (failure service), your cooldown is 1 hour. You can eventually unlock it with Rank 1 Path of Ascension. Update: I also wanted to confirm that Blueprint: Gilded Abacus (Bank Service) also has a 1 hour cooldown. You can eventually unlock it with Rank 2 Path of Ascension. So, how are you with Kleia? I can't win a few fights with her because she's getting a lot of dmg. As Pelagos everything is easy. another question... Does anyone know how the post works? When can I fight the heads of lvl 2-3? Like the last 2I thank you for help Is this area full for anyone else? It seems that all the mechanics of the chief now pass through the pillars with line of vision not affecting at all I've made all the bosses before and used line of vision many times to avoid mechs, but since the last weeks reset it has changed - mechs (Arrows, chains etc) now phase through the walls as if oéÁs oéÁs meqatnom ed sanepmocer sa omoc ed sešÁrdap son axiatne es oéÁN ? oéÁšneca ad ohnimac od ©Á edadlimuH ad onretE ueisraf o euq ed laer etnof amu etsixE ?amelborp etse met m©ÁAugla siAM jÁl adan jÁh enoyna saH .stla nairyK ym no niaga revo lla ti od og od evah ot tñaw t'nod l ?ediw tnuocca was sedargpu drawets eht fi wonk enoyna .noisnaxpe siht atip a si msinightlpmoc yrroS .neht semag inim tñaveoc eseht fo 4 lla hcuoť od evah t'nsaed HD ym nevorp si ti fi dna morf CQ ro CE ylno morf gnimoc ti ees l esiwreht The zuC ?sehc nih eht morf hctam yna gninniw morf niatbo ot elbissop ti sl .rodnev yna morf AoP eht morf elbaliava TON si evalG dedalB-lauD eznorB ehtT uruunimuu and , I oot evah stnevoc rehto taht nrettpap emas eht asse arap odni avatse ue lauq alep oéAzar a adot iof asse siop .etnanoicpeced otium .jaicn*Árapa asse retbo ed zapac res aiređop .aireved ue euq acilpmi ossi sam .adateloc oéAn arobmť saicn*Árapa ed alenaj an mim arap ecerapa aicn*Árapa a europ .gub mu ecerap ossi .fatastaerG adigntf adiv*Ád a rarpmoc ogisnoc oéAn ,ogam omoc .e *asu o *Acov omoc ©Á* atsiuqoca a retbo ed iebacÁ .sodivertae mes seroierups sievÁn so ratelipmoc ranijami ogisnoc oéAn .amrof amugla ed odnalevin .samla sa mes .e edirgorp *Acov euq addidem Á siecÁfid siam ocuop mu macif sahlatat sa .marov sele edno ed ies oéÁš etnemlaer ue e elen sflub ed %65 snugla met .iesu siam ue euq .sogaleP moc leton ue ?sele moc sahlab rahnaq ad setrof siam macif samla samla saus es ebas m©ÁAugla .airiq soa oéÁšreva ahnim a arap sešÁzar sapicnirp sad amu e ošÁroľse o relaw arap siamed etnartsurF .rađoj arap rađap euq ret e sacart samla moc racnirb arap levArret ©Á oéÁšneca ad ohnimac O taicn*Ádectna moc yt .cte aig©ÁAtartse ed saing so odniuges omsem .rezif euq o .onehtsilK artnoc otium odnredrop utotse euqroP .zemoner ed levÁn od otcapmi o ©Á laug sam .cte cte sotnacne so sodot obecer ue ?sogaleP *anoishupmi *Ácov omoc .atnugrep ahniM .NlWONER 43 an uotse oéÁtne .nairyK arap FN ed radum ed iebacÁ .aiug o arap yt .odagirbO .amina ed adalenot amu arap sešÁssimsnart sesse rarpmoc ed oig©ÁÁliviř olep sanepa .edadlimuh ed olupÁcsid e ohnimac od ertsem omoc odatset lam oġa rezať arap adnub aus ehlabart *Acov euq odip*Átse etnemlevircni Á .sotnacne/siairetam rop rađap a raduja sanepa meved sacram sa .adartne ed axat amu jÁh euq odip*Átse Á .4 oéÁšÁacifissal ad itesog ue .sagirb ed anera airp*Árp aus ret oditrevid oim Á .B&M a moc sefehč sod muhnen ratorred arap aig©ÁAtartse amu iertnocne oéAn .aroga ©Áta .sešÁšApo saud sartuo sa euq od songid sanepa res mecerap sele .acineAcem ad ratsog ue ed rasepa .e alpud a arap ylkieW o rebecer ed iebacÁ ?efehč muġla artnoc norB & sokinakiM moc ossecus ret arAP This is probably the worst thing I've found in 17 years playing Wow. Poa poa Torghast seems fun to unlock is a track of the pain involved. Traveling throughout the different zones, forward and for the transfers. So you need to maintain a stock of rugs from pesticides in local vain scattered through the land of the shadows. You have to unlock the bosses you will fight and then capture them. You need to create equipment and other items to progress in events. You still need to pay to enter the meetings. But by far the worst aspect is that you are not fighting like your beloved character. I always hate this when you are forced to interpret as another character, giant or 3 to 5 botan and all this system is based on that id. If someone else is losing numinuuru or any other fight. I had a problem in which the change of convenients made me abandon the path of the rise of mission of ascension and then forgot the mission. It is in the Gitterfall Basin of Ardenweald and does not appear on his map. The fight against the vehicle is not fun. We all know that. Blizzard knows that, but they add this game of the alumnim. It focuses on this. It's full of insects, where some struggles are really very hard. You have to cultivate materials to make items to make it easier, but if you die, the items you created was wasted. It is part that if you finally do it and do all the achievements to be able to buy transmangios etc. is not an account in great armor classes. This is a waste of time and I am lost to the worlds like them They think this resource of the alliance is a good They added 20% of damage recently increased, but they did not do very well, as the struggles are error. Your ability can bother what makes struggles even more differing. This is why people are using 'explorations' to make these struggles. I would prefer them to add an option to make this fight using their character (not in a venue). This would solve many problems, as you can completely avoid the insects of the vehicle and the DPS. You need to do 4/9 of Kyrian chapters to unlock Mikanikos to the path of ascension, even if you have your soul unlocked. unlocked.
